Dear Parents

Jaguar Primary Challenge - Monday 14 May 2018

The school STEM club has been working towards the North East round of this National competition which is being held on the 14 May at Newcastle High School for Girls, and we have entered three teams.

It will be an early start for the pupils as they need to be in Gosforth, Newcastle, for 9am, so will leave school at 7.30am, returning (provisionally) at 4pm. Pupils will travel in the school minibus and will be accompanied by me. Pupils will be given a packed lunch to eat at the event, and, should teams not create their own teamwear, pupils should wear their games kit. There is no charge for this event.

A first aid kit will be available on the coach and further first aid will be available once at the venue. Any pupils who need to carry an inhaler or epipen should ensure that they have their own equipment with them for the day.

The morning of the event will be spent judging work created by the teams as they will have designed and manufactured model racing cars. Pupils will also give a presentation to the judging panel. The afternoon is dedicated to racing the cars down a 20m track, with each team racing 4 times. The overall winner will be the team that gains the most points from the different judging areas.

If you would like any further information about this event, please do not hesitate to contact me at school.

Yours sincerely

Mr S Wilkinson
Head of Design Technology
