Dear Parent

**Nissan Monozukuri Project – Tuesday 8 May 2018**

Year 6, together with the school STEM club, has been invited to take part in a design and engineering project being held at Nissan in Washington. The project will involve a range of activities designed to stimulate team work, problem solving, creative thinking and leadership skills. There will be practical activities as well as design innovation activities.

Pupils, accompanied by me, will leave school on the 8 May at 8.30am, returning by 4pm, and pupils will be provided with a packed lunch; coach transport is being provided by Nissan. Any pupils who need to carry an inhaler or epipen should ensure that they have their own equipment with them for the day. A first aid kit will be available on the coach and first aid will be available once at the venue.

Pupils should come to school dressed in their games kit. There is no charge for this event.

If you would like any further information about this event, please do not hesitate to contact me at school.

Yours sincerely

**Mr S Wilkinson**  
**Head of Design Technology**
