Dear Parents

Residential Visits 2020-2021

I thought that it would be helpful to give you advance notice of the residential school trips planned for the next academic year, so that you have a full picture of the range of opportunities on offer before making any firm decisions. Full details and itineraries will be included in individual letters, which will be handed out to pupils at different times in the year, but a quick decision may need to be made in order to secure a place, as places are usually limited.

We strongly believe that residential visits play an important part in a child's education and value the wealth of benefits they offer in personal development, building confidence and self-esteem. We also wish to provide a range of cultural experiences to the pupils to enhance their knowledge and understanding of other cultures and their history and traditions. Visits to Spain and Germany take place in the alternate year to the French trip.

Yours sincerely

Mrs C L Blyth
Deputy Head
