Dear Parents

Education for Leisure: Year 11 Games Programme

When pupils enter Year 11 the games programme changes significantly. We introduce a course of activities which will take our pupils into the local community to sample different physical activities. In order to provide a programme of interest and diversity we must travel to suitable venues and employ instructors with relevant qualifications and expertise.

It is expected that every pupil participates in all of the activities which usually include; kayaking, rock climbing, golf, watt-cycle, cross-fit, kettlebells and ice skating. We will endeavour to provide these activities when the guidance from the Department for Education confirm it is safe to do so and for the time being we will bring coaches into school for sessions which combine fitness with team building and problem solving skills.

The school funds the majority of this venture but in order to cover additional costs a contribution of £70 will be charged to your Autumn and Spring school account.

This programme has operated successfully for many years and we are sure your child will value the opportunities they are given throughout the year.

If you have any questions, feel free to contact me.

Yours sincerely

Mr T Thorogood
PE & Games Teacher
