Dear Parents

Year 8 HPV vaccinations: First dose Summer Term 2021

In March 2020, the school based immunisation team sent out information regarding the HPV vaccination scheduled to be given to pupils currently Year 8, stating that the first dose would be given in Autumn 2020 and the second dose in Summer 2021.

However due to the COVID-19 pandemic and the subsequent closure of schools, Harrogate and District NHS Foundation Trust has had to reschedule their immunisation programme for the school year 2020/2021.

Please be advised that pupils who have consented to receive this vaccine will now receive the first dose in Summer 2021 and the second dose later in Summer 2022.

These vaccines will still be given in school and the change to the schedule does not affect the effectiveness of the vaccine.

If you have any queries please email Helen Harvey (Interim Clinical Lead – Childhood Immunisations) and the immunisation team at hdfc.immunisationteam@nhs.net

With best wishes

Yours sincerely

Dr Rebecca Ashcroft
Deputy Head – Head of Senior School
