Dear Parents

Year 11 Design and Technology Revision Cards

The Design and Technology department is able to purchase heavily discounted revision cards to support your son/daughter throughout their GCSE Design Technology course.

The revision question cards offer a way of actively testing each of the core areas of Design Technology as well as the specialist material areas.

The 170 revision cards cover every key grade 9-1 AQA topic. The pack contains three sections: Revise, Memorise and Test and the answers to the questions are on the reverse of the card. Included in the cards are diagrams, revision tips and exam-type questions. Using the cards, along with the PG Online CLEARrevise revision resources supplied in Year 10, will provide an additional view of the course as well as allowing the pupils to take ownership of revision and self-directed study.

The revision cards will be ordered shortly and the cost is £5.50 per pack and will be added to your school bill; no further action will be needed. Pupils will receive the resources as soon as they arrive in school. If you have any questions, please do not hesitate to contact me.

Yours sincerely

Steven Wilkinson
Head of Design and Technology
